Date of inspection visit: 25 March 2020

Date of publication: 14/04/2020

This report describes our judgement of the quality of care at this service. It is based on a combination of what we found when we inspected, information from our ongoing monitoring of data about services and information given to us from the provider, patients, the public and other organisations.

Ratings

Overall rating for this location

Good

Are services well-led?

Good

Overall summary

We carried out a desk top follow up inspection at Huddersfield Road Partnership on 25 March 2020. At this inspection we followed up on breaches of regulations identified at a previous inspection on 11 September 2019.

We based our judgement of the quality of care at this service on a combination of:

- Documentation and information from the provider and
- information from our ongoing monitoring of data about services.

At the last inspection in September 2019 we rated the practice as requires improvement for providing well led services because safety risk management processes and systems and processes to ensure good governance in accordance with the fundamental standards of care were not effective.

At this inspection, we found the provider had satisfactorily addressed these issues.

We have rated this practice as good for well led and good overall.

We rated the practice good for providing well led services because:

- Systems and processes to manage and monitor risks at both sites had been implemented and were being regularly monitored.

Details of our findings and the evidence supporting our ratings are set out in the evidence tables.

Dr Rosie Benneyworth BM BS BMedSci MRCP

Chief Inspector of Primary Medical Services and Integrated Care

Our inspection team

Our inspection team was lead be a CQC lead inspector.

Background to Huddersfield Road Partnership

Huddersfield Road Partnership is located at 6 Huddersfield Road, Barnsley, S70 2LT and has a branch surgery at 44 Cawthorne Road, Barugh Green, Barnsley, S75 1LQ. The main surgery has good transport links and there are pharmacies located nearby and the branch surgery dispenses medicines.

The provider is registered with CQC to deliver the Regulated Activities; diagnostic and screening procedures, maternity and midwifery services and treatment of disease, disorder or injury, surgical procedures and family planning. These are delivered from both sites.

Huddersfield Road Partnership is situated within the NHS Barnsley Commissioning Group (CCG) and provides services to 13,615 patients under the terms of a general medical services (GMS) contract. This is a contract between general practices and NHS England for delivering services to the local community. The provider is a partnership who registered with the Commission in April 2013.

The practice has four male GP's and four female GP's. They are supported by five practice nurses, three healthcare assistants, a phlebotomist and a team of management and administrative reception staff. The practice is an active member of the local primary care network.

There are higher than average number of patients under the age of 18 registered at the practice. The National General Practice Profile states that 97.1% of the practice population is from a white background with a further 2.9% of the population originating from black, mixed or other non-white ethnic groups.

Information published by Public Health England, rates the level of deprivation within the practice population group as five, on a scale of one to ten. Level one represents the highest levels of deprivation and level ten the lowest. Male life expectancy is comparable to the national average of 79 years. Female life expectancy is comparable to the national average of 83 years.
