Summary of findings

Overall summary

Lawton Manor Care Home provides accommodation, personal and nursing care for up to 63 older people in one adapted building. Most of the rooms have en-suite facilities. At the time of our inspection 36 people were living at the home.

We found the following examples of good practice.

- People spoke positively about the home. Comments from people included; "I've made lovely friends since I've lived here and we get together every day. I don't feel isolated anymore", "The staff are kind, caring and very conscientious" and "Everywhere is spotless, the domestic staff keep all areas very clean including my bedroom."
- Comments from relatives included; "The management team always answer any questions I have really promptly", "Communication has been really good. I've been kept up-to-date by email" and "Staff are kind and caring. [Name] looks really well cared for."
- All visitors were asked to complete a health screening form, have their temperature checked and were provided with face masks to wear throughout their visit. Full personal protective equipment (PPE) was available for all visitors along with access to handwashing facilities and hand sanitiser.
- The service had procedures and protocols in place which ensured people were admitted safely in accordance with national guidance.
- The service had increased the cleaning schedules and routines to reduce the risks of cross infection. The environment was very clean and hygienic.
- We observed staff to be wearing the correct personal protective equipment (PPE) throughout the inspection.
- People and staff were taking part in regular COVID19 testing. An area was allocated for this and the process was very clear.
- People had individual risk assessments in place that reflected their specific needs in relation to COVID19.
- Staff had all received training to meet the requirements of their role and for the management of COVID19.

Further information is in the detailed findings below.

Lawton Manor Care Home

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to the coronavirus pandemic we are looking at the preparedness of care homes in relation to infection prevention and control. This was a targeted inspection looking at the infection control and prevention measures the provider has in place.

This inspection took place on 19 March 2021 and was announced.

Is the service safe?

Our findings

S5□ How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
