Summary of findings

Overall summary

Park House Nursing Home is a residential nursing home in the Queensbury area of Bradford. The home provides accommodation, personal care and nursing care for older people and people living with dementia. At the time of our inspection there were 21 people using the service.

We found the following examples of good practice.

- ☐ There have been no positive cases of COVID 19 in the home during the pandemic.
- ☐ New admissions are tested for COVID 19 and the results are known before they are admitted to the home. All new admissions are isolated to their rooms for 14 days.
- ☐ The home is in local lockdown and currently closed to visitors. Staff support people to keep in touch with family and friends through video and phone calls and closed window visits.

The five questions we ask about services and what we found

We always ask the following five questions of services.

Is the service safe?

No ratings were awarded following this inspection. This was a thematic review seeking to identify examples of good practice in infection prevention and control.

Park House Nursing Home

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

This was a targeted inspection looking at the infection control and prevention measures the provider has in place. As part of CQC's response to the coronavirus pandemic we are conducting a thematic review of infection control and prevention measures in care homes.

This inspection took place on 6 August 2020 and was announced. The service was selected to take part in this thematic review which is seeking to identify examples of good practice in infection prevention and control.

Is the service safe?

Our findings

S5□ How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
