## Overall summary

### Letter from the Chief Inspector of General Practice

We undertook this focused inspection of Dr Anis and Anis on 17 November 2016 for one area within the key question safe.

We found the practice to be good in providing safe services. Overall, the practice is rated as good.

The practice was previously inspected on 10 December 2015. The inspection was a comprehensive inspection under the Health and Social Care Act 2008. At that inspection, the practice was rated good overall. However, within the key question safe, overview of safety systems and processes was identified as requires improvement, as the practice was not meeting the legislation at that time; Regulation 12 Health & Social Care Act 2008 (Regulated Activities) Regulations 2014: Safe care and treatment.

- The registered person did not ensure recruitment arrangements include all necessary employment checks for all staff were in place that included taking up references and completing disclosure and barring service checks, in particular for staff who were already undertaking chaperoning duties.

On this inspection we reviewed a range of documents which demonstrated they were now meeting the requirements of Regulation 12 Health & Social Care Act 2008 (Regulated Activities) Regulations 2014: Safe care and treatment.

## Detailed findings

### Our inspection team

#### **Our inspection team was led by:**

A CQC Inspector reviewed and analysed the evidence provided at the time of the inspection.

## Background to Dr Anis and Anis

Dr Anis and Anis is one of several practices that are located in Golborne Health Centre. The practice is also known as High Street Medical Centre. At the time of our inspection there were about 5000 patients registered with the practice. It is overseen by NHS Wigan Borough Clinical Commissioning Group (CCG).

There are a higher proportion of patients above 65 years of age (21%) than the practice average across England (16.7%). There are a high proportion of patients registered who are from a socially deprived background.

There are three GPs supported by a practice nurse. There is also a practice manager and supporting administration and reception team.

The practice delivers commissioned services under the General Medical Services (GMS) contract. It offers direct enhanced services for the childhood vaccination and immunisation scheme, extended hours access, facilitating timely diagnosis and support for people with dementia, influenza and pneumococcal immunisations and learning disabilities.

The practice is open between 8am and 6.30pm Monday to Friday. Patients can book appointments in person, online,

or via the phone. Emergency appointments are available each day. There is an out of hours service available provided by Bridgewater Community Health Care Trust and commissioned by Wigan Borough CCG.

## Why we carried out this inspection

We inspected this service as part of our new comprehensive inspection programme on 10 December 2015. At this inspection, within the key question safe, staffing was identified as 'requires improvement', as the practice was not meeting the legislation at that time; Regulation 12 Health & Social Care Act 2008 (Regulated Activities) Regulations 2014: Safe care and treatment.

This inspection was a planned focused inspection to check whether the provider had taken the required action and was now meeting the legal requirements and regulations associated with the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014.

## How we carried out this inspection

Following the inspection on 10 December 2015 the practice supplied an action plan telling us how they would ensure they met the requirements of Regulation 12 Health & Social Care Act 2008 (Regulated Activities) Regulations 2014: Safe care and treatment.

We carried out an announced visit on 17 November 2016. A CQC inspector reviewed and analysed the evidence provided by the practice and made an assessment of this against the regulations.

# Are services safe?

## Our findings

### Overview of safety systems and processes

The practice was previously inspected on 10 December 2015. The inspection was a comprehensive inspection under the Health and Social Care Act 2008. At that inspection, the practice was rated good overall. However, within the key question safe, overview of safety systems and processes was identified as requires improvement, as the practice was not meeting the legislation at that time; Regulation 12 Health & Social Care Act 2008 (Regulated Activities) Regulations 2014: Safe care and treatment.

- The registered person did not ensure recruitment arrangements include all necessary employment checks

for all staff were in place that included taking up references and completing disclosure and barring service checks, in particular for staff who were already undertaking chaperoning duties.

On this inspection we reviewed a range of documents which demonstrated they were now meeting the requirements of Regulation 12 Health & Social Care Act 2008 (Regulated Activities) Regulations 2014: Safe care and treatment.

We saw evidence that the practice had undertaken appropriate recruitment procedures for all new employees including taking up references. Disclosure and Barring Service (DBS) checks were in place for all staff who undertake chaperone duties.
