

Kings Family Practice

Inspection report

30-34 Magpie Hall Road
Chatham
ME4 5JY
Tel: 01634810040
www.kingsfamilypractice.nhs.uk

Date of inspection visit: 23 November 2021
Date of publication: 30/12/2021

This report describes our judgement of the quality of care at this service. It is based on a combination of what we found when we inspected, information from our ongoing monitoring of data about services and information given to us from the provider, patients, the public and other organisations.

Ratings

Overall rating for this location		Good	
Are services safe?		Good	
Are services effective?		Good	
Are services caring?		Good	
Are services responsive to people's needs?		Good	
Are services well-led?		Good	

Overall summary

We carried out an announced comprehensive inspection at Kings Family Practice on 23 November 2021 under Section 60 of the Health and Social Care Act 2008, as part of our regulatory functions. The inspection was planned to check whether the provider was meeting the legal requirements and regulations associated with the Health and Social Care Act 2008, to look at the overall quality of the service, and to provide a rating for the service under the Care Act 2014. The overall rating for the practice was Good.

How we carried out the inspection:

Throughout the pandemic CQC has continued to regulate and respond to risk. However, taking into account the circumstances arising as a result of the pandemic, and in order to reduce risk, we have conducted our inspections differently.

This inspection was carried out in a way which enabled us to spend a minimum amount of time on site. This was in line with all data protection and information governance requirements.

This included:

- Conducting staff interviews using the telephone / video conferencing.
- Requesting evidence from the provider.
- A short site visit.

Our judgement of the quality of care at this service is based on a combination of what we found when we inspected, information from our ongoing monitoring of data about services and information from the provider, patients, the public and other organisations.

Our findings:

This practice is rated as Good overall.

The key questions at this inspection are rated as:

Are services safe? – Good

Are services effective? – Good

Are services caring? – Good

Are services responsive? – Good

Are services well-led? – Good

We rated the practice as **Good** for providing safe services because:

- The practice's systems, practices and processes helped to keep people safe and safeguarded from abuse.
- Risks to patients, staff and visitors were assessed, monitored and managed effectively.
- The arrangements for managing medicines helped to keep patients safe.

Overall summary

We rated the practice as **Good** for providing effective services because:

- Patients' needs were assessed, and care as well as treatment were delivered in line with current legislation, standards and evidence-based guidance.
- The practice had a programme of quality improvement activity and routinely reviewed the effectiveness and appropriateness of the care provided.
- Staff had the skills, knowledge and experience to carry out their roles.

We rated the practice as **Good** for providing caring services because:

- Staff treated patients with kindness, respect and compassion.
- Staff helped patients to be involved in decisions about care and treatment.
- The practice respected patients' privacy and dignity.

We rated the practice as **Good** for providing responsive services because:

- The practice organised and delivered services to help meet patients' needs.
- People were able to access care and treatment in a timely way.
- Complaints were listened to and used to improve the quality of care.

We rated the practice as **Good** for providing well-led services because:

- There was compassionate and inclusive leadership at all levels.
- There were processes and systems to support good governance and management.
- The provider had systems to continue to deliver services, respond to risk and meet patients' needs during the pandemic.
- The practice involved the public, staff and external partners to help ensure they delivered high-quality and sustainable care.
- There were systems and processes for learning, continuous improvement and innovation.

The areas where the provider **should** make improvements are:

- Continue with plans for staff to attend the practical elements of basic life support training when they become available.
- Revise mental health review activities to help ensure all elements of assessments are completed and recorded in line with best practice guidance.
- Continue with activities to encourage relevant patients to attend the practice to receive childhood immunisations.
- Continue to implement action plans to help improve patient satisfaction scores

Dr Rosie Benneyworth BM BS BMedSci MRCGP

Chief Inspector of Primary Medical Services and Integrated Care

Please refer to the detailed report and the evidence tables for further information.

Our inspection team

Our inspection team was led by a Care Quality Commission (CQC) Lead Inspector. The team included a GP Specialist Advisor and a second CQC Inspector.

Background to Kings Family Practice

The registered provider is Aspire Medical Health which is part of a primary care at scale organisation that delivers general practice services at three registered locations in England.

Kings Family Practice is located at 30 – 34 Magpie Hall Road, Chatham, Kent, ME4 5JY. The practice is situated within the NHS Kent and Medway Clinical Commissioning Group (CCG) and has a general medical services contract with NHS England for delivering primary care services to the local community.

As part of our inspection we visited Kings Family Practice, 30 – 34 Magpie Hall Road, Chatham, Kent, ME4 5JY only, where the provider delivers registered activities.

Kings Family Practice has a registered patient population of approximately 6,288 patients. The practice is located in an area with the highest average deprivation score.

There are arrangements with other providers to deliver services to patients outside of the practice's working hours.

The practice staff consists of three GP partners (two male and one female), one physician associate (female), one clinical pharmacist (female), one nurse manager (female), two healthcare assistants (one male and one female), one team leader, one reception supervisor, five primary care navigators and five primary care co-ordinators. The practice also employs locum staff (including regular locum GPs and a regular locum practice nurse) directly and practice staff are supported by the primary care at scale organisation Aspire Medical Health management staff.

Kings Family Practice is registered with the Care Quality Commission (CQC) to deliver the following regulated activities: diagnostic and screening procedures; maternity and midwifery services; and treatment of disease, disorder or injury. The provider is in the process of adding the regulated activity of family planning to their registration.
