Why we carried out this inspection

This inspection was a targeted assessment of the key question of responsive.

How we carried out the inspection

This inspection was carried remotely.

This included:

- Conducting staff interviews using video conferencing.
- Requesting evidence from the provider.

Our findings

We based our judgement of the quality of care at this service on a combination of:

- what we found when we inspected
- information from our ongoing monitoring of data about services and
- information from the provider, patients, the public and other organisations.

We found that:

- Patients who responded to the National GP Survey were satisfied with access to the practice. The had practice performed slightly above national averages.
- The practice used performance data to target and improve access.
- The practice understood the needs of its local population and were developing services accordingly.
- The practice had worked collaboratively within its primary care network and GP federation to ensure additional types of appointments and extended hours were available.

Overall summary

- The practice dealt with complaints in a timely manner and learned from them.

Whilst we found no breaches of regulations, the provider should:

- Continue to develop solutions to provide better access to their patients.

Details of our findings and the evidence supporting our ratings are set out in the evidence tables.
