# Summary of findings

## Overall summary

Woodroffe Benton House and Goodwin Court is a 'care home'. It is registered to provide nursing care and support for up to 34 older persons. The service provides long term and respite care. At the time of our inspection there were 12 people living at the service.

We found the following examples of good practice

The service was clean and tidy. Cleaning tasks were consistently completed. Areas which were regularly touched, including door handles and hand rails were frequently disinfected. Communal areas were arranged to encourage social distancing, there was appropriate spacing between people. The registered manager had a safe system in place for people's visitors. There was a booking system in place to stagger visitors and minimise contact. All visitors are screened for symptoms and had their temperature checked before entering the service.

There were appropriate policies and procedures for infection prevention and control (IPC), which were understood and followed by staff. Staff were wearing appropriate personal protective equipment (PPE) in-line with government guidelines. There was adequate supply available to staff throughout the home. Staff had completed IPC training which included the safe use of PPE. Staff had regular competency checks for effective handwashing and the donning and doffing of PPE.

The registered manager ensured there was an appropriate COVID-19 testing regime in-line with current government guidelines. Risk assessments for people living at the service and staff had been completed to promote their safety.

## **Detailed findings**

## Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to the COVID-19 pandemic we are looking at the preparedness of care homes in relation to infection prevention and control. This was a targeted inspection looking at the infection control and prevention measures the provider has in place.

This inspection took place on 10 March 2021 and was announced.
