# Summary of findings

## Overall summary

Hebburn Court Nursing Home is a residential care home providing personal and nursing care to 45 people aged 65 and over at the time of the inspection.

We found the following examples of good practice.

The provider followed good infection prevention and control (IPC) practices. Rigorous checks were carried out to ensure visitors were safe to enter the home. The home was clean and tidy throughout. Staff had access to the personal protective equipment (PPE). They had completed specific training about how to use this correctly. The provider had up to date policies and procedures to deal with the coronavirus pandemic. Regular infection control checks took place.

## The five questions we ask about services and what we found

We always ask the following five questions of services.

### **Is the service safe?**

Further information is in the detailed findings below.

## **Detailed findings**

## Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to the coronavirus pandemic we are looking at the preparedness of care homes in relation to infection prevention and control. This was a targeted inspection looking at the infection control and prevention measures the provider has in place.

This inspection took place on 23 February 2021 and was announced.

## Is the service safe?

### Our findings

S5□ How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
