Summary of findings

Overall summary

Kibworth Court is a residential care home that provides care and support for up to 45 older people. At the time of our inspection 34 people were using the service.

We found the following examples of good practice.

- Sufficient stocks of Personal Protective Equipment (PPE) were in place including masks, gloves, aprons, hand sanitiser and visors. Staff were wearing this appropriately.
- Infection control policies reflected the current national guidance and had been reviewed regularly. Cleaning schedules had been increased to ensure touch surfaces were cleaned regularly and additional cleaning to maintain good hygiene standards.
- People living in the service and staff were being tested regularly. This was to ensure if any staff or people had contracted COVID-19 and were asymptomatic, this was identified and acted upon in a timely way.
- There was a clear process for visitors, which included a risk assessment, temperature check and the wearing of PPE. The environment for visitors was COVID-19 secure and followed national guidance for visitors to care homes.
- Staff had received training in the use of personal protective equipment (PPE), and we saw this was accessible throughout the home and staff used it in accordance with the most up to date guidance.
- There was a clear procedure in place, in line with national guidance to ensure people were admitted to the service safely.
