# Summary of findings

## Overall summary

The Park Residential and Nursing Home provides nursing and personal care for up to 42 people aged 65 years and over. At the time of the inspection there were 33 people using the service.

We found the following examples of good practice:

There was a specially adapted room to support one nominated visitor for each person living at the home.

People admitted to the care home from hospital or the community, isolated for 14 days within their own room.

Staff adhered to personal protective equipment (PPE) and social distancing guidance.

All staff had access to PPE and had completed appropriate donning and doffing training.

COVID-19 testing was carried out for all staff and people living at the care home in line with government guidance.

The premises were clean and hygienic with open windows to support ventilation.

Monthly infection prevention audits had been completed and action taken where required.

## The five questions we ask about services and what we found

We always ask the following five questions of services.

### **Is the service safe?**

Further information is in the detailed findings below.

# The Park Residential and Nursing Home

## **Detailed findings**

### Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to the coronavirus pandemic we are looking at the preparedness of care homes in relation to infection prevention and control. This was a targeted inspection looking at the infection control and prevention measures the provider has in place.

This inspection took place on 11 February 2021 and was announced.

# Is the service safe?

## Our findings

S5□ How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
