Summary of findings

Overall summary

Beckside Lodge is a residential care home providing personal care for up to 10 people with learning disabilities. At the time of the inspection 10 people were using the service.

We found the following examples of good practice.

The premises were clean. Hand sanitisers and PPE stations were situated throughout the building.

Staff were observed wearing appropriate PPE. There was signage and instructions promoting safety through infection prevention practices.

The service had effective systems in place to ensure everyone was socially distancing.

The five questions we ask about services and what we found

We always ask the following five questions of services.

Is the service safe?

Further information is in the detailed findings below.

Beckside Lodge

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to the coronavirus pandemic we are looking at the preparedness of care homes in relation to infection prevention and control. This was a targeted inspection looking at the infection control and prevention measures the provider has in place.

This inspection took place on 18 February 2021 and was announced.

Is the service safe?

Our findings

How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
