### Overall rating for this location

Good

Are services responsive to people's needs?

Good

# Overall summary

We carried out an announced assessment of Limbrick Wood Surgery on Friday 1 December 2023.

This was a targeted review of responsive services. The practice was previously inspected in December 2019 and had previously been rated good overall and good in safe, effective, caring, responsive and well led. Any previous ratings for the overall rating, safe, effective, caring and well-led will be unchanged following this review.

Rating at this assessment:

Responsive – Good.

## How we carried out the assessment

This assessment was carried out virtually, through an online meeting and review of documents.

This was with consent from the provider and in line with all data protection and information governance requirements.

This included:

- Requesting evidence from the provider.
- A virtual meeting with the provider.

## Our findings

We based our judgement of the quality of care at this service on a combination of:

- what we found when we carried out the assessment,
- information from our ongoing monitoring of data about services and,
- information from the provider, patients, the public and other organisations.

## We have rated this practice as Good for responsive services.

We found that:

- Patients could access care and treatment in a timely way.
- The practice had a new phone system and was monitoring capacity and demand.
- The practice had access via online forms.
- There was clinical triage of patient requests for appointments and ongoing treatment in place which was being monitored.

Details of our findings and the evidence supporting our ratings are set out in the evidence tables.
