Summary of findings

Overall summary

Arthur Court provides accommodation for up to 19 people living with a mental health condition. It provides opportunities for rehabilitation, development of independence skills and progression to supported accommodation in the community such as supported living. The service is registered to Provide Accommodation for people who require nursing or personal care.

When we inspected on 9 April 2019 we found that people were not in receipt of 'personal care' and the regulated activity was therefore not being provided. As a result we are not able to report in the usual way in respect of the five domains Safe, Effective, Caring, Responsive and Well led and the associated Key Lines of Enquiry or issue a rating.

Because of finding that no regulated activity was being provided, the location may be removed from the CQC register because CQC can only regulate locations where a regulated activity is being provided.'
