Date of inspection visit: 11 September to 11
September 2019
Date of publication: 18/09/2019

This report describes our judgement of the quality of care at this service. It is based on a combination of what we found when we inspected, information from our ongoing monitoring of data about services and information given to us from the provider, patients, the public and other organisations.

Ratings

Overall rating for this location

Good

Are services well-led?

Good

Overall summary

We carried out an announced comprehensive inspection at The Greenwood Practice on the 11 September 2019, to follow up the breaches of inspection found in the inspection of 19 February 2019.

We based our judgement of the quality of care at this service on a combination of:-

- what we found when we inspected,
- information from our ongoing monitoring of data about services,
- information from the provider, patients, the public and other organisations.

We have rated this practice as good overall

We rated the practice as good for providing a well led services because:

The practice had responded to our the findings of the CQC inspection in February 2019 and made improvements.

- The practice had a vision and credible strategy to provide high quality sustainable care and had a succession plan to ensure the continuity of the service.
- The practice had recognised the need to provide staff with new responsibilities and roles to help support good governance and management.
- The practice had improved their processes for managing risks, issues and performance.

The areas where the provider should make improvements are:

- Ensure the fire risk assessment is carried out by a trained and competent person.

Details of our findings and the evidence supporting our ratings are set out in the evidence tables.

Dr Rosie Benneyworth

BM BS BMedSci MRCGP

Chief Inspector of Primary Medical Services
