## Overall summary

### Letter from the Chief Inspector of General Practice

We carried out an announced comprehensive inspection of the practice on 6 October 2014. Breaches of legal requirements were found. After the comprehensive inspection, the practice wrote to us to say what they would do to meet the legal requirements in relation to the breaches of regulation Health and Social Care Act 2008 (Regulated Activities) Regulations 2014: (Regulated Activities) Regulation 19: Fit and proper persons employed.

We undertook this focussed inspection on 17 December 2015 to check that they had followed their plan and to confirm that they now met the legal requirements. This report covers our findings in relation to those

requirements. You can read the report from our last comprehensive inspection by selecting the 'all reports' link for Dr Javier Oscar Salerno on our website at [www.cqc.org.uk](http://www.cqc.org.uk). Overall the practice is rated as Good.

Following this focused inspection we rated the practice as good at providing safe services.

Our key finding was as follows:

- The practice had addressed the issue identified during the previous inspection. Non –clinical staff undertaking the role of chaperoning had current Disclosure and Barring Checks completed.

Professor Steve Field (CBE FRCP FFPH FRCGP)

Chief Inspector of General Practice

# Summary of findings

## The five questions we ask and what we found

We always ask the following five questions of services.

### **Are services safe?**

Our findings

At our previous inspection we found that non-clinical staff who were acting as chaperones did not have Disclosure and Barring Checks (DBS) or been risk assessed for carrying out this role.

At this inspection the practice provided us with evidence that all staff carrying out the role of chaperoning had current Disclosure and Barring Checks (DBS) completed.

**Good**

# Dr Javier Oscar Salerno

## Detailed findings

### Why we carried out this inspection

We undertook a focussed desk-based inspection of Dr Javier Oscar Salerno 17 December 2015. This is because the service had been identified as not meeting some of the legal requirements and regulations associated with the Health and Social Care Act 2008.

We found that non- clinical staff undertaking the role of chaperon did not have current Disclosure and Barring Checks (DBS).The inspection focused on one of the five questions we ask about services; is the service safe? This is because the service was not meeting a legal requirement related to this.

# Are services safe?

## Our findings

At our previous inspection we found that non-clinical staff who were acting as chaperones did not have Disclosure and Barring Checks (DBS) or been risk assessed for carrying out this role.

At this inspection the practice provided us with evidence that all staff carrying out the role of chaperoning had current Disclosure and Barring Checks (DBS) completed.
