Summary of findings

Overall summary

We carried out an unannounced visit to The Arbury on 24 June 2026. This was in line with our inspection priorities. A child was living at the service which meant the service was operating as a children's home. This meant the service required registration with Ofsted who are the regulator of children's homes. We were therefore unable to complete an assessment. We have made this location dormant on our register and will consider our regulatory options in response to this.

Following our visit, we shared information about the service with partner agencies, so they were made aware that we were unable to assess the safety and quality of care provided to the child living at The Arbury.

Our inspection team: Two inspectors carried out the visit on 24 June 2026.

The five questions we ask about services and what we found

We always ask the following five questions of services.

Is the service safe?

At the time of our visit a child was living at the service and the service was operating as a children's home requiring registration with Ofsted.

Insufficient evidence to rate
