Summary of findings

Overall summary

Cliffe Vale is a residential care home providing accommodation and personal care for up to 26 older people, some of whom are living with dementia. There were 17 people living in the home when we inspected.

We found the following examples of good practice.

The service was accessing the government testing scheme.

The home was clean and well ventilated.

Staff wore PPE appropriately.

Staff made regular contact with people who were isolating in their rooms and supported people to maintain contact with family and friends.

Further information is in the detailed findings below.

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to care homes with outbreaks of coronavirus, we are conducting reviews to ensure that the Infection Prevention and Control practice was safe and the service was compliant with IPC measures. This was a targeted inspection looking at the IPC practices the provider has in place.

This inspection took place on 26 November 2020 and was unannounced.
