Ratings

Overall rating for this service

Good ●

Is the service safe?

Inspected but not rated

Summary of findings

Overall summary

About the service: Nazareth House is a 'care home', registered to provide accommodation and personal care for up to 66 older people. At the time of the inspection there were 43 people living in the home. Accommodation is located over three floors and facilities include four lounges, three dining rooms, one large function room and a large garden area.

We found the following examples of good practice.

Social distancing was promoted by the placement of coffee tables between chairs in lounges.

Additional ventilation was provided by the opening of windows throughout the building.

Window visits were made more secure and accessible through the use of an intercom system.

Further information is in the detailed findings below.

The five questions we ask about services and what we found

We always ask the following five questions of services.

Nazareth House - Crosby

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to care homes with outbreaks of coronavirus, we are conducting reviews to ensure that the Infection Prevention and Control practice was safe and the service was compliant with IPC measures. This was a targeted inspection looking at the IPC practices the provider has in place.

This inspection took place on 20 November 2020 and was unannounced.

Is the service safe?

Our findings

S5□ How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
